

Open call - Sensing electromagnetics

Dear fellow recordists and electromagnetic enthusiasts,

we are looking for your best electromagnetic recordings for an upcoming compilation on LOM. Our favorite submissions will be part of the final release and rewarded with 3 physical copies. The release will be available as "name your price" on our Bandcamp, as well as a physical CD.

Submission conditions:

- raw electromagnetic recordings (either done with Elektrosluch, Elektrouši or other electromagnetic sensing methods - pickup coils, guitar pickups, VLF antennas, etc.)
- 1 submission per artist (no longer than 5 minutes)
- lossless files (WAV/AIFF/FLAC) only, preferably in 44.1 kHz/24 bit
- story behind the sound is optional, abstract track names are welcome

Submit your work via wetransfer.com to workshop@zvukolom.org

Ideas for the name:

- Hidden fields
- Ghost in the wire
- Electric mist
- Electromystics
- Beyond coil
